

Vignana Jyothi society was established fifteen years ago by a group of like minded industrialists and businessmen of Andhra Pradesh with a view to plough back into the society something that could set the society flourishing. This group comprised successful industrialists, businessmen and professionals who had won recognition for their professional competence and business ethics.

Education is the backbone of a society's growth and development. It was therefore felt that maximum contribution to society can be made in this sphere. It was with this background that the Vignana Jyothi Society was formed with the objective of promoting excellence in education in the state of Andhra Pradesh. The society called "VIGNANA JYOTHI" was registered on 21st January 1991.

Today, Vignana Jyothi has created an edifice with unshakable foundations which can only grow higher and higher. Our Schools, Management Institute & Engineering College stand testimony to this.

As decided by AICTE to cater Industry / Market need for Diploma Holders, our Management as decided to run the Polytechnic Course as 2<sup>nd</sup> Shift in the same Campus of VNR Vignana Jyothi Institute of Engineering & Technology from the Academic Year 2009-10 in the following 4 (Four) Courses.
