About the Institute:

In 1995, Vignana Jyothi established the Vallurupalli Nageswara Rao Vignana Jyothi Institute of Engineering & Technology (VNR VJIET) at Bachupally, Hyderabad. The institute is affiliated to Jawaharlal Nehru Technological University, Hyderabad (JNTUH), approved by AICTE, New Delhi, and recognized by the Government of Telangana. In 2012, VNR VJIET was granted Autonomous Status by the University Grants Commission (UGC). Today, VNRVJIET proudly holds NAAC A++ accreditation with a CGPA of 3.68/4.0, ranks in the 151–200 band in NIRF 2025 (Engineering), and is recognized among the best engineering institutes in Telangana.

The institute offers a comprehensive spectrum of programs:

- Undergraduate: 17 B.Tech specializations across core and emerging engineering disciplines
- Postgraduate: M.Tech programs in multiple streams and MCA
- Doctoral Research: Ph.D. programs supported by five JNTUH recognized research centres

VNRVJIET distinguishes itself through its research orientation, world-class infrastructure, and innovative pedagogy led by experienced faculty for the holistic development of students.

With a distinct perspective shaped by the vision of Vignana Jyothi Society, VNR VJIET has, for over three decades, earned its place among India's top-ranking institutions. It continues to produce a value-sensitive workforce and leaders of tomorrow, joining the league of exclusive and preferred institutions in technical education.

About the UHV CELL:

The **Universal Human Values (UHV) Cell** at **VNRVJIET** acts as a catalyst for holistic education. The cell functions to systematically orient faculty and students toward ethical, value-based living, ensuring professional skills are deeply anchored in human values. In collaboration with the **AICTE NCC-IP UHV**, the cell actively facilitates self-exploration, fostering harmony at all levels of existence: individual, family, society, and nature.

Vision of the UHV CELL

To establish a value-based educational ecosystem that nurtures socially responsible, emotionally stable, and ethically anchored professionals capable of fostering (global) harmony at individual, family, society and nature levels.

Location:

VNRVJIET is located near Bachupally Village, R.R.Dist., About 8 km from Miyapur junction along the inner ring road (about 1 km from Dr. Reddy's Labs). The institute is at a distance of about 6 km from JNTU via HMT Hills colony and Pragati Nagar

Scope of the program

The AICTE-approved Faculty Development Program (FDP) on Universal Human Values-II (UHV-II) is designed to prepare educators to effectively teach the mandatory, 3-credit course, *"Universal Human Values: Understanding Harmony and Ethical Human Conduct,"* across technical and higher education institutions.

The scope of the UHV-II FDP program encompasses developing a holistic, value-based perspective toward life, education, and profession. It transitions participants from mere skill-based teaching to nurturing ethical responsibility and human consciousness.

on

UNIVERSAL HUMAN VALUES-II

From 11th to 18th November 2026

Organized by

UNIVERSAL HUMAN VALUES – CELL, VNRVJIET

with the aegis of

AICTE NCC UHV

Objectives of the UHV CELL:

Holistic Integration: Complement technical curricula with value-based education to drive the comprehensive and all-inclusive development of students.

Faculty Capacity Building: Organise and facilitate specialized **Faculty Development Programs (FDPs)** to empower educators to deliver value education seamlessly.

Institutionalizing Values: Nurture a culture of self-exploration and natural acceptance across the institution to guide daily actions and governance.

Curricular Support: Actively support the structured implementation of mandatory UHV courses within the AICTE model curriculum.

Objectives of UHV FDP-II

Advanced Level Training: Advance faculty capabilities beyond foundational UHV-I concepts to delve deeper into the structural nuances of the **UHV-II**

Deepening Self-Exploration: Facilitate rigorous internal dialogue among participants to achieve personal clarity on continuous happiness, inner prosperity, and existential co-existence.

Pedagogical Enrichment: Equip educators with the tools, tutorial methodologies, and peer-assessment frameworks required to deliver UHV-II effectively in the classroom.

Nurturing Professional Ethics: Guide faculty members to smoothly integrate universal human values into their professional conduct, mentoring practices, and research methodologies.

Fostering Universal Harmony: Empower participants to decode and propagate the laws of systemic harmony expanding from the individual to the family, society, and the environment.

Who Can Participate?

"Faculty members from AICTE-approved institutions across India who are dedicated to personal growth, self-exploration, and fostering a collaborative, respectful value based skill developement environment that drives student and institutional excellence.
